

	Measures and actions by sector	2030 GHG Reduction Potential (MTCO2e)	Kind of Cost	Lead Actor	Cost	Status/Priority
	Buildings and Energy					
	Objective: Reduce Residential Building Energy Use					
BE-1.1	Measure: Disclose building energy consumption	304				
	Develop a single-family and/or multi-family residential unit energy assessment ordinance requiring disclosure at the time of sale, major remodel, rental, or other trigger point		Staff Time, Private	Planning & Building	LOW	Completed. In July 2020, City Council adopted an Energy Assessment Policy requiring an energy assessment to be conducted for projects which require design review permits and which may have an energy impact. In February 2021, City Council adopted Ordinance 751 N.S. that requires a home energy assessment disclosure at time of sale. Became effective March 3, 2021. Evaluation of the policy is ongoing.
	Partner with home energy audit providers to develop public outreach and community engagement programs on residential energy assessment opportunities and energy efficiency retrofits, with a focus on post audit follow-through		Marketing & Outreach	Planning & Building	LOW	Ongoing. City staff continues to work with StopWaste and BayREN staff to conduct public outreach on energy assessment opportunities. Resources are provided on the Building Electrification and Reach Code webpages on the City's website.
	Increase knowledge of and encourage residents to use PGE's "My Energy" online tool to compare and understand energy and natural gas use		Marketing & Outreach	Planning & Building	LOW	Ongoing. A hyperlink to the My Energy online tool is provided on the Building Electrification webpage of the City's website.
BE-1.2	Measure: Reduce electricity and natural gas consumption	1602
